1. Pavet No. 12, an automobile repair shop, is located in the Knyazhevo suburb of Sofia. In addition to repairing military vehicles, the shop now also repairs municipal buses and government-owned automobiles. Approximately 30 vehicles are overhauled and about the same number of new bodies are produced each month. Approximately 10 to 15 new ZIS and Skoda engines are received every month.
2. The enterprise, which employs approximately 500 workers, consists of the following departments:
  - a. Body Production: Equipped with four or five German presses of 50-60 ton capacity, five or six oxygen and electric welding apparatus, 20 to 30 drilling machines with a diameter of up to 20 millimeters, and a considerable number of manual presses with a capacity of six to 10 tons;
  - b. Engine Repair: Equipped with special testing machinery for 4-5 hour tests;
  - c. Milling work: Equipped with approximately 40 lathes;
  - d. Locksmith;
  - e. Fitting; and
  - f. Foundry.
3. The workshop measures approximately 150 x 100 meters. It is surrounded by a brick wall 280 centimeters high. A railroad track is located about 200 meters from the shop.
